

A Secret?

Controlling the universe, commanding the elements, being a cosmic magnet attracting whatever you think about long and hard enough? Sounds more like a video game played out in the digitized virtual world. Sadly, it is not. History once again repeats itself as the foolish mind and wicked heart of humanity continues in its pursuit to be god. While subtly displaying symbols of witchcraft and satanism in the background we are fed the deception of this age old lie as though it is a new revelation touted as “The Secret”.

Whether or not you’ve heard, “The Secret” (Book and DVD) is the latest self-help deception among those seeking success and prosperity by exalting self as “god”.

Paul, an apostle of Jesus Christ dealt with this same deception in the early first century. Over the years it has changed its’ name and recreated the package in which it is wrapped, but the message is still the same, “you are god”. When will we stop talking about the need to learn from history and actually do it? ¹Since the beginning of time God gave us the instinctive knowledge to know Him and through His creation has unquestionably proven His existence. But we continue to prefer a lie above the Truth. Instead of resting in the reality of God’s existence and investing ourselves in worship unto Him, the Almighty Creator, we choose rather to exhaust our resources throwing them into the bottomless pit of “lust for more” as we present offerings on the altar of “self-gratification”.

Those claimed by society to be the brilliant philosophic minds of our time have again been seduced by a lie and have become ²fools. We must turn our hearts back toward the God of all creation. We must ³fall on our faces before Him in fear of eternal judgment and repent of our disgraceful unquenchable desire to create a “new way” when He has already provided the ⁴“Only Way”. “The Secret’s” claim that “You are god manifested in human form...” despises the Truth of God’s glorious plan to redeem mankind from our fallen-destructive ways and reconcile us back to a right relationship with our Creator by having His Son, Jesus Christ, pay my death penalty for my rebellion.

Although saddened, I’m not surprised by such a blatant ⁵return to our inherent humanistic madness. It only serves to remind me of my inability to save myself and once again I run into the arms of my merciful God who, through His Son, saved me and by His Grace continues to keep me.

“The Secret” is a blatant lie devised by the ⁶spirit of antichrist that caters to all that opposes God and reminds us that the last days of the world have come.

Before it is too late, let us hear and respond to the God of all creation’s call for the world to repent and may we then revel in the incomprehensible glory He allows us to ⁷share with Him by accepting His Son Jesus Christ!

Sincerely in the wonderful name of the hope of all creation, Jesus Christ!
